

QAO GRADUATE PROGRAM

MAKE A REAL DIFFERENCE

1

CHECK OUT THE PROGRAM DETAILS

Find out what QAO does and learn about our graduate program and available roles on our [website](#) and [Prosplo](#).

Before you apply, review the eligibility requirements (including work rights and study) and check which role level you should apply for.

2

REVIEW YOUR CV

A good CV is succinct – target 2–4 pages. Include:

- your full university degree title and expected graduation date
- all your work experience, not just experience that's relevant to the role
- any community or voluntary work experience
- 2 professional references.

3

APPLY ONLINE

Create a Gradsift profile using the link and program code on our job ads.

Upload your CV and academic transcript. Then create a 60 to 90 second video to introduce yourself. Tell us: who you are, what you've studied, one or 2 key achievements, your strengths, and why you'd like a career with QAO.

4

FOLLOW THE SELECTION PROCESS

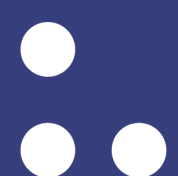

We'll take it from here! Our process is designed to be thorough and fair to all candidates. We'll keep you updated as your application progresses through the selection stages (read about them on Prosplo) and aim to make offers within 2 months of applications closing.

5
