I. Entities not preparing financial reports

For each state public sector company, other than government owned corporations, the board of directors considers the requirements of the *Corporations Act 2001* or the trust deed (where relevant) to determine whether financial statements need to be prepared. The board must revisit the assessment to prepare financial statements whenever any significant change occurs in the operations, ownership, or size of the company, but as a minimum, every 3 years.

When entities are part of a larger group and are secured by a guarantee (that they will cover their debts) with other entities in that group, the Australian Securities and Investments Commission allows them to not prepare a financial report. In addition, dormant or small companies that meet specific criteria under the *Corporations Act 2001* are not required to prepare financial statements. If entities form part of a larger group that reports to the Australian Charities and Not-for-profits Commission, the commissioner may allow the group to jointly report under subsection 60–95(1) of the *Australian Charities and Not-for-profits Commission Act 2012*.

The Auditor-General will not issue audit opinions for the following controlled public sector entities for 2024, as they were not required to produce financial statements.
